## Career Objective

Motivated Information Technology undergraduate and Full Stack Developer Intern with hands-on experience in building responsive web applications, RESTful APIs, and database-driven systems. Skilled in React.js, Node.js, Express.js, MongoDB, and MySQL, with foundational knowledge of Python, AWS EC2, web scraping, Rust, and Tauri. Eager to develop scalable software solutions, strengthen cloud and deployment skills, and contribute to real-world projects through continuous learning and problem-solving.

## Experience

**Full Stack Developer Intern** **Current**
Nexolabz Solution

- Developing full-stack web applications using React.js, Node.js, Express.js, MongoDB, and MySQL.
- Building responsive user interfaces and scalable RESTful APIs.
- Working on authentication, authorization, and database design.
- Collaborating with team members using Git and GitHub.
- Integrating frontend with backend services and deploying applications.

## Projects

**Furni. – Furniture Store Website** Live Demo

*React.js, Node.js, Express.js, MongoDB*

- Developed a full-stack furniture e-commerce platform with customer and admin dashboards.
- Implemented product, category, inventory, order management, authentication, and REST APIs.

**Lens Studio – Photography Website** Live Demo

*React.js, Tailwind CSS, Framer Motion*

- Designed a responsive photography portfolio with reusable React components and smooth animations.
- Developed Booking, Services, Gallery, About, and Contact sections with mobile optimization.

**Task Management System**

*React.js, Node.js, Express.js, MongoDB*

- Developed a task management application during the Nexolabz internship for efficient task organization and tracking.
- Implemented task assignment, deadline tracking, status management, and user-based task handling.

**Swiggy Landing Page Clone**

*React.js, HTML, CSS, JavaScript*

- Developed a responsive Swiggy landing page clone using reusable React components.
- Built restaurant cards, search functionality, and a clean user-friendly interface.

## Technical Skills

**Languages:** C++, Python, JavaScript, SQL
**Frontend:** HTML5, CSS3, React.js, Tailwind CSS, Framer Motion
**Backend:** Node.js, Express.js, REST APIs
**Database:** MongoDB, MySQL **Version Control:** Git, GitHub
**Deployment:** Firebase, GitHub Pages, Vercel, Netlify
**Basic Knowledge:** Python, AWS (EC2), Web Scraping, Rust, Tauri
**Tools:** VS Code, Postman, Canva
**Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

## Education

**Bachelor of Technology (Information Technology)** **2023–2027**
Sagar Institute of Research and Technology (SIRT), Bhopal CGPA: 7.10

**Intermediate (Class XII)** **2023**
Zila School, Muzaffarpur

**Matriculation (Class X)** **2021**
Mother Teresa Vidyapeeth, Muzaffarpur

## Certifications

Web Designing Internship – Data Analytics with Power BI – Fundamentals of Digital Marketing

## Achievements

- Certified Participant, TECH-SAGEATHON 2026 – National Level Hackathon organized by SIRT, Bhopal.

## Relevant Coursework

Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management System (DBMS), Operating Systems, Computer Networks, Software Engineering.
