## Professional Summary

Full Stack Developer Intern and B.Tech Information Technology student with hands-on experience developing web applications using React.js, Node.js, Express.js, MongoDB, and MySQL. Experienced in building responsive user interfaces, developing RESTful APIs, integrating frontend and backend services, and working with database-driven applications. Familiar with authentication, authorization, Git, GitHub, API testing, and web application deployment. Seeking an entry-level Full Stack Developer or MERN Stack Developer role.

## Experience

**Full Stack Developer Intern** *Current*
**Nexolabz Solutions**

- Develop and maintain full-stack web applications using React.js, Node.js, Express.js, MongoDB, and MySQL.
- Build responsive user interfaces using reusable React components and integrate frontend applications with backend services.
- Develop and integrate RESTful APIs for application features and database-driven workflows.
- Work on authentication, authorization, database design, and application functionality.
- Collaborate with team members using Git and GitHub and assist with application deployment.

## Projects

**Furni – Furniture E-commerce Platform** React.js, Node.js, Express.js, MongoDB

- Developed a full-stack furniture e-commerce application featuring customer and admin dashboards.
- Implemented product and category management, inventory tracking, order management, authentication, and RESTful API integration.

**Task Management System** React.js, Node.js, Express.js, MongoDB

- Developed a task management application during the internship to organize and track work assignments.
- Implemented task assignment, deadline tracking, status management, and user-based task handling.

**Lens Studio – Photography Website** React.js, Tailwind CSS, Framer Motion

- Built a responsive photography portfolio with reusable React components and interactive animations.
- Created Booking, Services, Gallery, About, and Contact sections with mobile-friendly layouts.

**Swiggy Landing Page Clone** React.js, HTML5, CSS3, JavaScript

- Developed a responsive food delivery landing page using reusable React components.
- Implemented restaurant cards, search functionality, and a user-friendly interface.
